

Alta Candle Holder

OKHA

OKHA works selectively with local artisans that reflect their cosmopolitan, polyglot South African expression. Being small and artisanal they are dedicated to quality hand-made products.

Starting at: \$2,050

The Alta Candleholders are made from sand-cast metals. This involves a process of extreme heating and cooling, turning metal solid into a lava like liquid and re-forming it. The end result is unpredictable and unique.

DISCLAIMERS

METALS – All raw metals; brass, copper, mild steel in their respective finishes are unsealed. Metals in a raw, natural and unsealed state will oxidize and change in color and tone. This is a completely natural process.
