

Aqua Table – Limited

Established & Sons

Zaha Hadid's voluptuous Aqua Table is an uninterrupted whole – a curious and curvaceous form that invites viewers to engage with it. Standing as an impressive centerpiece it delivers a stylish focal point in any space. The three n-like legs of the Aqua Table appear to be in motion and register as gradients on the gently undulating table top. This design is challenging, daring and the work of one of the greatest talents the contemporary design industry has known.

This limited edition table is available in black with white silicone top and white with turquoise silicone top.
