

Cane Floorlamp

AlexAllen

Cane is the first floor lamp in AlexAllen Studio's expanding lighting collection. Building off the geometries of the Chord collection, the curved steel armature houses an LED light source that emits a warm hue. The rough limestone base acts as both a counterbalance physically as well as texturally. The resultant floor lamp is sculptural, functional and elegant.

Made in Brooklyn, New York.

Starting at: \$7,000

30" W x 72" H
