

Coco XS-02

Larose Guyon

Coco is a tribute to Gabrielle Chasnel, famously known as Coco Chanel. In the 1930s, she became the first woman to launch a fine jewellery collection. Chanel never left home without her pearls – she used them not only as jewellery, but as accents sewn into her light, diaphanous evening gowns.

Coco by Larose Guyon evokes that supple, elegant and wondrous intersection of jewellery and light.

Entirely handmade by local artisans, its artistic approach makes Coco a piece of lighting art, bringing finesse, beauty and poetry to any space. From brass to copper to nickel and fossil black, with globes that can be tinted to taste, it offers owners countless ways to possess a unique creation.
