

Glow Sconce

Pelle

The Beam and Glow Collection is a series of vertical and horizontal light structures that combine vibrant colors with formal abstraction to create an immersive lighting experience.

Starting at: \$2,500

Inspired by the pure expressions of 'objecthood' found in the Minimal Art movement, the Beam and Glow Collection explores the nature of color, light, scale, and context. Each light features an optical grade resin lens framed by bent aluminum panels that have been anodized or stained with a hand-applied finish. The singular line of the lens is echoed in the simple rectangular frame, conjoining clarity of form with a soft and expansive colored light to create an impactful, yet unobtrusive, environment.
