

Harlow Chandelier Large

Gabriel Scott

A veritable showstopper, the Harlow Large Chandelier offers an elegant starburst of light that reflects and refracts through its mold-blown glass shade. Glass finishes include alabaster white and smoked gray, perfectly complementing the satin brass, nickel, copper, bronze or black steel metal finish options.

A sparkling prism, the Harlow is directly inspired by the world of jewelry with its metallic frame encasing a translucent glass adding a touch of glamor to any space.
