

Myriad Chandelier 12 Long

Gabriel Scott

The sculptural Myriad 12 Chandelier diffuses a warm light through double-blown glass. Handmade to order, the Myriad's articulated arms are available in satin brass, copper, nickel, copper, bronze or blackened steel finishes.

Inspired by bioluminescence, the Myriad 12 Chandelier is a popular choice amongst designers and architects for its arboreal feel.

Blending sharp, articulated arms with soft, reflective light, the design of the Myriad means it works well in a variety of residential and hospitality settings. Refer to our [Gallery](#) page for the latest project inspiration.

Starting at: \$22,500

Leadtime: 18-20 Weeks

68.5" x 25" x 37.5" H + Stem
