Established & Sons

Objects of Desire Series by Liselotte Watkins

57 x 30 cm

Following her collaborations with the doyenne of intelligent fashion Miuccia Prada and the legendary Italian porcelain workshop Bitossi, Liselotte Watkins has partnered with Established & Sons for the first time to create a considered collection to be exhibited at Nomad.

Combining her expressive linework, bold colors and feminine forms with vintage Italian ceramics, the pieces are unrepeatable and representative of the beginning of a new era of limited edition collaborations between the brand and artists and designers.
