

Welles Steel Central Long Chandelier 20

Gabriel Scott

The Welles Steel Chandelier is Gabriel Scott's original Welles and was designed to deliver a geometry that allowed the studio to build seemingly infinite configurations with a repetition of a single module. The Welles Steel 20 Chandelier is one of many options within the Welles collection. Explore the various size and finish options available, we're on hand to help if you need something more tailored.

The form, which is known as a Cuboctahedron, is a platonic solid that, thanks to its geometry, tessellates in space in a way that generates very organic arrangements.

Welles fixtures are made by connecting these forms to one another using
