

NEBULAE

VERTICAL CHANDELIER

The Nebulae collection takes its name from the natural phenomena of interstellar clouds and their dynamic layered lighting effects. The geometric machined forms coupled with the fluid glass discs creates a balance between the elements. Designed for use in larger open spaces, working in modular configurations, the Nebulae Vertical Chandelier Collection is inspired by the diffusion of natural light.

Available in several configurations (including a Horizontal Chandelier), several glass finishes, the Nebulae Vertical Chandelier is both dynamic and sculptural in its linear form.
