# Welles by Sybille de Margerie

**Central Chandelier** 

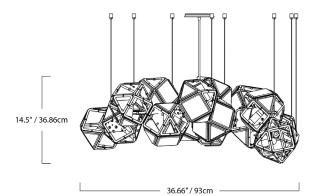

in Satin Brass & Sparrow Brown Leather

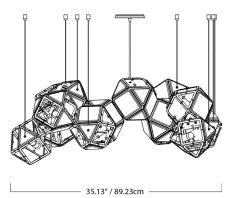

As a contrast to the original Welles sharp metal and glass silhouette, Sybille de Margerie has created a new interpretation revealing the feminine side of her signature design style. Couture-inspired, her Welles Reimagined capsule collection shows a gradient composition from emptiness to fullness, with a variation of hollow and plain shapes.

Fully customizable, Sybille has used soft, rounded moveable padded magnetic leather panels to create a subtle 3D effect, thus creating new light effects and shadow. The Welles Central Chandelier by Sybille de Margerie branches out, adding a sense of volume and dimension and making the perfect impact in a larger space. The capsule collection comprises a Long, Central and Vertical Chandelier, as well as a Triple Pendant and Single Sconce.
