# Welles by Michelle Gerson

Double Sconce

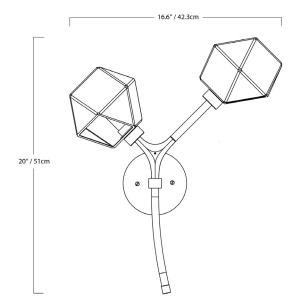

in Satin Brass & Alabaster White

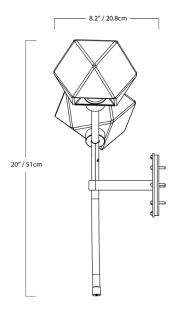

# MICHELLE GERSON INTERIORS

Michelle Gerson's interpretation of the Welles is inspired by the current climate and post pandemic mood. She turned to nature, bringing in a floral element to represent growth and bloom, alluding to the rebirth of a classic Gabriel Scott design. The softer, organic lines and delicate perforated leaves, juxtapose perfectly with the harder geometric shape of the Welles glass modules.

The Welles Double Sconce by Michelle Gerson pairs back the decorative design to reveal a simplistic branch like wall fixture. Michelle Gerson's capsule collection also includes a large, small & vertical chandelier and pendant.
