Welles by David Rockwell

Triple Pendant

in Blackened Steel, Bronze and Smoked Gray Glass

rockwell group

The David Rockwell capsule collection celebrates the Welles Chandelier's classic geometric form, while creating a contemporary light fixture inspired by clusters found in nature, such as crystals, chemical compounds, and clouds.

The Welles Triple Pendant by David Rockwell pairs back the design, to highlight the crystal like glass modules in a simplified form. David Rockwell's capsule collection also includes a large central chandelier, long chandelier and triple sconce.
