PENDANT

Large spheres of handblown Czech glass suspended on rigid brass stems. Two glass sizes available. A custom brass socket assembly through one side holds the light bulb and is connected to the canopy at the ceiling with a length of exposed fabric-wrapped electrical cord. Each glass sphere is blown by hand without the use of moulds, and so is slightly imperfect in shape. Two brass thumb screws attach the removable bulb-and-socket from the side of the glass.

UL listed suitable for dry and damp locations (US & Canada)

Socket 120V E26 60W Max

LED bulb included

Glass available in two sizes

Requires recessed electrical box for installation

Standard canopy does NOT accommodate sloped ceilings or swagging of this light – other canopy options are available at additional cost – see Canopy Variants specification sheet

Specify overall drop length – Rigid brass tube stems are not field adjustable
