## 2x4 Pendant Collection

Installation and Product Guide  
(4', 6', 8', 10', 12', and leather pendants)

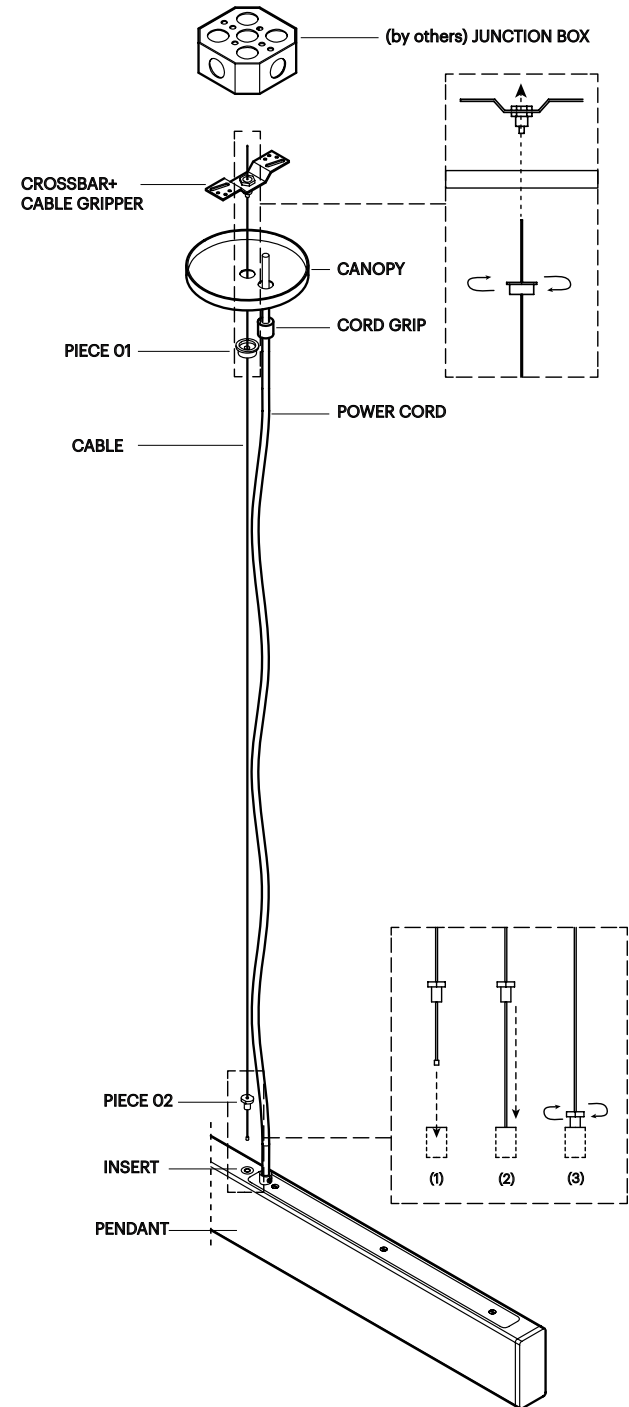

**CAUTION:** Electric shock risk. Turn off electrical power at breaker before beginning installation. We recommend this product be installed by a qualified electrician only.

### Installation Instructions

- (1) Attach **crossbar + cable gripper** to ceiling **junction box** with junction box screws.
- (2) Slide **piece 02** along the length of the suspension **cable** towards the end stopper and thread it into the threaded **insert**, locking the end stopper in place.
- (3) Slide **piece 01** and the central **canopy** hole onto the end of the suspension **cable**.
- (4) feed the end of the suspension **cable** into the **cable gripper** while compressing the spring. Pull cable to the desired length and ensure the light is level. Trim the end of the cable with approved cable cutters.
- (5) Feed the end of the **power cord** into the large hole in **canopy** and trim, leaving some extra length. Connect electrical wire ends in **junction box**: (120V INPUT 60Hz ONLY!). Connect bare copper wire (ground) to grounding screw.
- (6) Slide **piece 01** and **canopies** to the top of the suspension cable and thread piece 01 onto the **cable gripper**, securing the **canopy** in place.
- (7) Position **cord grip** onto **power cord** at the desired length and close. Push **cord grip** into the **canopy**.
- (8) Repeat steps on second canopy (excluding power cord steps)
