

MÉNE
PENDANT

Méne celebrates our sense of awe of the celestial. The pendant appears like a lunar apparition, delicately floating in mid-air. Crafted with mouth blown glass, the collection reveals the individual and unique texture of subtly illuminated glass. Méne's rippled form is the result of the studio's continual experimentations with traditional optic glass blowing techniques and innovative engineering. The result is a one of a kind glass texture within every luminaire produced.
